MOBILITY OF YOUTH WORKERS

Learning mobility projects of youth workers support the professional development of youth workers by enabling them to acquire new skills and professional experiences. The projects may include transnational activities such as seminars, training courses, contact-making events, study visits and job shadowing periods abroad. The projects also contribute to strengthening the quality and the role of youth work in Europe.

Erasmus+ is the European Union's programme for boosting skills and employability through activities organised in the field of education, training, youth, and sport. Youth activities under Erasmus+ aim to improve the key competences, skills and employability of young people, promote young people's active participation in the society, their social inclusion and well-being, and foster improvements in youth work and youth policy at local, national and international level.

Within Erasmus+, a training course is a project where youth workers and youth leaders come together for several days to develop their knowledge, skills, and attitudes on a certain theme. The daily programme of the course is based on learning objectives and facilitated by experienced trainers. The training courses promote the initiative and creativity of participants and have a direct impact on their future youth work or youth policy activities, such as organising quality projects and providing intercultural and non-formal learning experiences for young people.

Altogether, **33** people from **Croatia, Czech Republic, Hungary, Italy, Lithuania, Poland, Portugal, Romania, Turkey, and United Kingdom** took part in the project.

The overall aim and specific objectives of the project:

- To train youth workers to acquire competencies in entrepreneurship education
- To share tools in entrepreneurship education to allow young people to assess their entrepreneurial competencies
- Promote youth work and voluntary activities as means of obtaining necessary skills and fighting social exclusion
- To encourage positive interaction among youth associations
- To promote the use of non-formal learning recognition tools
- To promote the Erasmus+ programme as a tool for empowerment of young people

Main contents and activities of the project:

- Team Work
- Brainstorming
- Discussion in plenary
- Sharing of Best Practices
- Youth unemployment and Entrepreneurship in the partner countries
- Youthpass and soft skills
- Business plan preparation
- Recommendations for Recognition of Competences
